Ladies/Gentlemen:

We are extremely hopeful and pleased that the Microsoft case may finally be settled. We feel very strongly that it is in the best interest of both the economy and the country -- especially in light of recent events - that this settlement proceed to completion.

In this critical time we feel the DOJ should turn its attention and spend its taxpayer funds on the security of this country. We feel spending any more of tax payers money or DOJ time and energy on this case would not bring any further benefit to us the consumer or to our country.

Thank you for your time in reading this and we continue to be hopeful that this matter will finally come to a close.

Sincerely,

Steven and Pamela Lock
